

CLIENT PORTAL

Your Portal in the Palm of Your Hands

Accessing your client portal on your mobile device is simple.

Follow These Three Simple Steps

- 1 After you register for your client portal, you will receive a confirmation email. Access that email on your phone.
- 2 Before you login on your phone, add or save the link to your home screen.
- 3 Login with your username and password, which will prompt you to register your device and create a pin.

Do you want to set a passcode?

You can set a passcode of **4 or more** digits for easy sign in from this device.
